WINE OF CARDUI

Weather Weakness.

If you feel tired out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a fresh, appetizing, and digestion perfect, regulate the bowels and impart natural activity to the liver. This medicine will do it. It is a tonic, laxative and restorative.

J. A. Freese, Cardui Proprietor, Grand View Hotel, Chicago, Ill., writes: "I have used Herbine for the last 12 years, and nothing on earth has beat it. It is recommended to me by Dr. Newton, Newton, Kan., 50c at all druggists."

FORMER DAYTONIAN SHOT

Gad D. Bryan, Jr., a son of Joseph A. Bryan who once owned a part of Daytona before the town was incorporated, is lying in St. Joseph's Hospital, at Savannah, Ga., in a dangerous condition, with three bullet holes in his body.

Bryan runs a big saloon and cafe in Savannah, and last Monday evening there was a terrible row in the place in which Bryan and three other men were shot, one of them fatally, it is thought.

The affair is shrouded in mystery, but the Savannah-News says that Bryan and three others are charged by the police with assault with intent to murder the man whose wounds are thought fatal.

One of the prime secrets of success is to take advantage of every golden opportunity that is offered us. Our stock of groceries, canned goods, vegetables, and table delicacies are always fresh and new. Our prices are so low that they constitute a golden opportunity. Take advantage of it, and live well, be healthy and save money. Howard & Morrison.
